

## ITIS- Brief Company Profile

**NDT, PWHT & INSPECTION SERVICES  
GEOTECHNICAL, CIVL & CHEMICAL LAB**

**INTEGRATED TECHNOLOGIES FOR INDUSTRIAL SERVICES CO. LTD.**  
(AN ISO 9001:2015, ISO 14001:2015, OHSMS 45001:2018 COMPANY)

**Head Office:**

SHAHAB BUSINESS CENTRE, BUILDING #7669, AL RAKAH ASH SHAMALIYA  
KING FAHD ROAD, AL-KHOBAR 34225, SAUDI ARABIA  
TEL: 013-8688337, 8112122  
Email: [info@itis.com.sa](mailto:info@itis.com.sa)

## INTRODUCTION

INTEGRATED TECHNOLOGIES FOR INDUSTRIAL SERVICES (ITIS) was established in 2008.

ITIS has been providing Non-Destructive Testing & inspection services since over decade to serve the industrial needs of both public and private like SAUDI ARAMCO, SABIC, SEC, SWCC, PETRORABIGH, YASREF, MARAFIQ as an approved Inspection Company.

ITIS continued to expand its operations participating in the Kingdom's rapid growth during this period. Today, ITIS desire to stand as one of the Major NDT testing's & inspection Service provider across the Kingdom. Now, ITIS introduces itself as a leading provider of material testing and geotechnical investigation laboratory services with the most professional, growth oriented and reliable service provider in the Field Test and Laboratory.

ITIS operating from the main office in Al Khobar, with branch offices in Dammam, Jubail, Ras Tanura, and Jizan, where an integrated multi-disciplinary team of executives of Welding, coating, API, Conventional NDT, Advanced NDT, Training and consultancy, Geotechnical Engineering, Civil & Chemical Lab, Special inspections will undertake the most challenging and complex assignments.

**ITIS's scope of specialized inspection services includes but not limited to:**

### **Section 1: Conventional NDT Services**

1. Radiography Testing Services (RT), Including Safe rad, X ray Crawler, Computerized Radiography (CR)
2. Ultrasonic Testing services (UT) including TKY, Category D, OSI, Thickness Measurement.
3. Magnetic Particle Testing (MT/MPI) includes water washable, Fluorescent, and wet methods.
4. Liquid Penetrant Testing (PT) includes water washable, Fluorescent, and wet methods.
5. Positive Material Identification (PMI), Incudes Spectrometer and XRF.
6. Hardness Testing Services (HT) includes Digital and Brinell Hardness Tester.
7. Ferrite Testing Services
8. Vacuum Box testing services
9. Post weld heat treatment services and Preheating Services.

## **Section 2: Advanced NDT Services**

10. Phased Array UT and TOFD Services
11. Automatic Corrosion mapping services at normal temperature and high temperature.
12. MFL Storage tank inspection services
13. Tube inspection services (ET/RFET/MFL/ IRIS techniques)
14. Borescope inspection services

## **Section 3 - Training and consultancy services**

15. Training Services at in house and external (NDT Level I, II, III and API, Welding and corrosion) and Tailor-made courses that suite the specific need for any industries.
16. ASME Audit Services
17. NDT Procedures preparation and review as and when needed.

## **Section 4- Additional inspection Services**

18. Lifting Inspection Services (LEEA Development Member)
19. Risk based inspection survey (RBI Study and Analysis)
20. Isometric drawings and SAP-SAIF Templates preparation.
21. Whole on-stream inspection Program and OSI Survey.
22. Supply of Qualified Inspectors during shutdowns or constructions (NDT/Welding/ Painting/API)

## **Section 5- Testing and Laboratory Services**

1. Geotechnical Investigations
2. Geophysical Services
3. Laboratory Testing
4. Pile Foundation Testing
5. Geotechnical Consultancy
6. Chemical Laboratory Testing

ITIS employs engineers, inspectors, and NDT Technicians and all ITIS technicians are qualified to the requirement meeting the international standards such as ASNT SNT-TC-1A and CP-189, etc.

### **Highlights:**

1. Quality driven system with international certification.
2. Major lead for Saudi Aramco inspections with three long form contracts.
3. Highly qualified and experienced Team members.
4. Major clients across the kingdom, like SAUDI ARAMCO, SABIC, MARAFIQ, SWCC,
5. Implementation of safe working practices adopted at the top-level management
6. Annual review for technological upgradation at the top-level management.

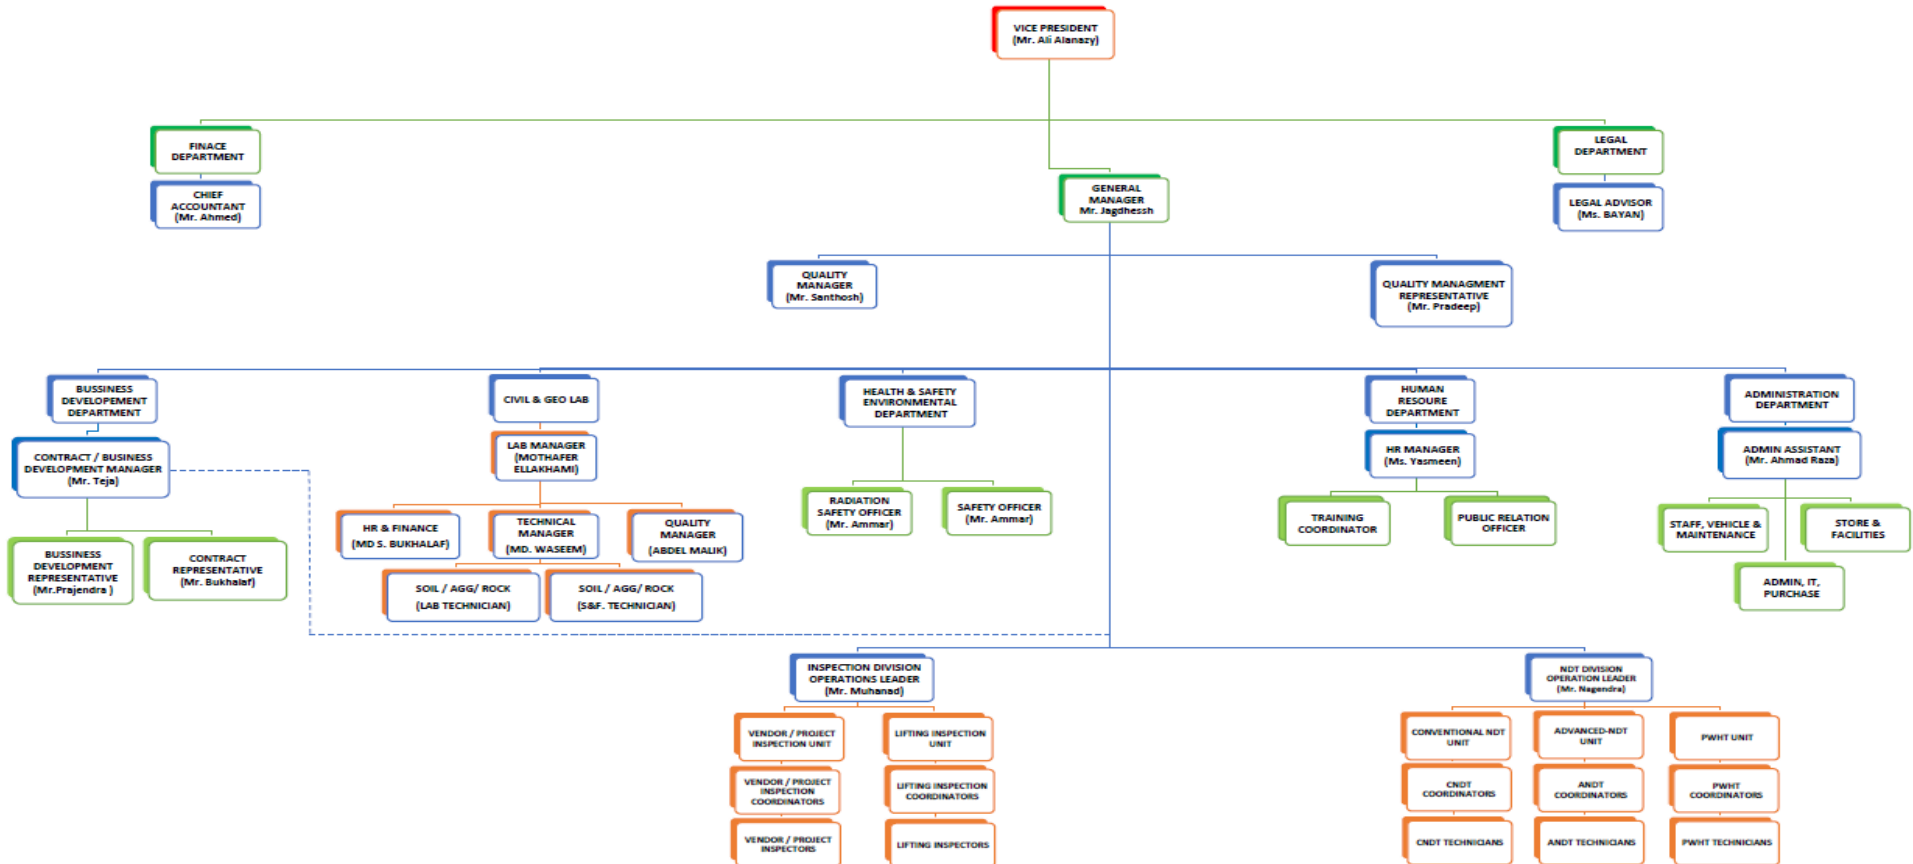

**COMPANY REGISTRATION AND OFFICE DETAILS**

**REGISTERED AS:**

**INTEGRATED TECHNOLOGIES FOR INDUSTRIAL SERVICES COMPANY LIMITED**

## COPMANY KEY PERSONNELS

Name: Jagdheesh. V

Years with Company: 08

Position: General Manager

### Brief Description:

Endowed with vision and dedication to the mission traces his career beginning as an NDT inspector with an NDT organization and a short stint in QA/QC of an oil industry major, found his progressive inclinations taking stream since 1996.

Enterprising, extroverted and customer focused techno commercial business leader with a natural ability for building forging loyalty with clients, vendors and external business partners. Identifies and capitalizes on emerging business ventures to propel an organization to the top-tier of the industry. Motivational management style with a proven history of building, guiding and retaining high-performance teams to develop and implement strategies for accelerated growth. Strives to optimize operations, reduce costs and improve service quality.

Professional Career includes Business & Technical involvement with major Oil & Gas sectors, Petrochemical & Power Plants throughout the Middle East, and Asian Regions

### EDUCATIONAL QUALIFICATIONS:

Bachelor's degree in mechanical engineering

Bachelor's degree in metallurgical engineering

### PROFESSIONAL QUALIFICATION:

ASNT NDT Level III Radiographic Testing Cert # 159658

ASNT NDT Level III Ultrasonic Testing Cert # 159658

ASNT NDT Level III Magnetic Particle Testing Cert # 159658

ASNT NDT Level III Penetrant Testing Cert # 159658

ASNT NDT Level III Eddy current Testing Cert#159658

ASNT NDT Level III Visual Testing Cert#159658

ISO 9712 NDT Level III UT, MT, PT

Authorized Pressure Vessel Inspector (API 510)

Authorized Piping Inspector (API 570)

### KEY PERSONNEL

Name: Tejeswara Rao Pallem

Years with Company: 12

Position: Business Development Manager

### Brief Description:

#### Mainly dealing below areas:

- Biddings, Client meetings.
- Business Expansion and growth
- Operations support.
- Aramco service order handling support
- In service inspections support
- Manpower / Resources arrangement
- NDT level III /Radiation safety support.

### EDUCATIONAL QUALIFICATIONS:

1. M.TECH (CAD/CAM)
2. B. Tech [Mechanical Engineering]
3. Diploma [Mechanical Engineering]

### PROFESSIONAL QUALIFICATION:

1. ASNT NDT Level III in RT, UT, MT, PT, VT (Cert # 195491)
2. Radiation Safety Officer (NRRC Certified)
3. API 510,570,653.

### KEY PERSONNEL

Name: Santhosh Subbiah

Years with Company: 09

Position: Technical Manager

### Brief Description:

Dynamic and versatile Advance Non-Destructive Testing Engineer (ANDT Engineer), who is certified ASNT (American Society for Nondestructive Testing) NDT Level-III in RT, UT, MT, PT and PCN NDT Level-III in UT, PAUT, TOFD with concrete background in NDT inspection field for Process piping, Tanks, Pressure vessels, Pipe lines, Structural bridge and associated facilities by working in different types of industries like Gas treating plant, Refinery, Self-anchored suspension Bridge construction work shop and Heavy Engineering Division work shop, and also who is certified CSWIP 3.1 - (certified welding Inspector) with sound knowledge in Welding Engineering & Inspection field. His duties and responsibilities include conducting Quality compliance audits and technical support for this firm, preparing NDT and ANDT (PAUT/TOFD/AUCM/RT/UT/MT/PT) procedures as per project specification and applicable standard and to ensure the NDT system's success with applicable documents, such that to review the reports, to verify the calibration of equipment's, training and certification of NDT personnel and liaison with customer for smooth running of the projects.

### EDUCATIONAL QUALIFICATIONS:

M. Tech in NDT, at National Institute of Technology - Trichy, India

### PROFESSIONAL QUALIFICATION:

ASNT NDT Level III Radiographic Testing Cert # 188107  
ASNT NDT Level III Magnetic Particle Testing Cert # 188107  
ASNT NDT Level III Ultrasonic Testing Cert # 188107  
ASNT NDT Level III Penetrant Testing Cert#188107  
ASNT NDT Level III Electromagnetic Testing Cert#188107  
ISO 9712 NDT Level III Phased Array Ultrasonic Testing (PAUT) Cert#9100065  
ISO 9712 NDT Level III Radiographic Testing Cert#9100065  
ISO 9712 NDT Level III Ultrasonic Testing Cert#9100065  
ISO 9712 NDT Level III Visual and Optical Testing Cert#PCP-000047  
ARAMCO CERTIFIED RTFI  
RADIATION SAFETY OFFICER.

### KEY PERSONNEL

Name: Muhannad Hassan

Years with Company: 12

Position: Training Manager

#### Brief Description:

Dynamic and versatile Non-Destructive Testing Engineer (NDT Engineer), and certified ASNT (American Society for Nondestructive Testing) NDT Level-III in RT, UT, MT, PT, VT and ET with concrete background in NDT inspection field for Process piping, Tanks, Pressure vessels, Pipe lines, Structural bridge and associated facilities by working in different types of industries like Gas treating plant, Refinery, Self-anchored suspension Bridge construction work shop and Heavy Engineering Division work shop, and also who is certified KACARE/ RSO (Radiation safety officer/ King Abdullah city for Atomic energy and renewable Energy) with sound knowledge in Welding Engineering & Inspection field. His duties and responsibilities include management of training for NDT personnel, conducting Quality compliance audits and technical support for this firm, preparing NDT and ANDT procedures as per project specification and applicable standard and to ensure the NDT system's success with applicable documents, such that to review the reports, to verify the calibration of equipment's, training, and certification of NDT personnel.

#### EDUCATIONAL QUALIFICATIONS:

Master's degree on material engineer, Sudan Academy of science - Khartoum, Sudan

#### PROFESSIONAL QUALIFICATION:

ASNT NDT Level III Radiographic Testing Cert # 186212  
ASNT NDT Level III Magnetic Particle Testing Cert # 186212  
ASNT NDT Level III Ultrasonic Testing Cert # 186212  
ASNT NDT Level III Penetrant Testing Cert#186212  
ASNT NDT Level III Visual Testing Cert#186212  
ASNT NDT Level III Electromagnetic Testing Cert#186212  
ASNT ACCP Level II (MT, PT and UT) Cert#186212

RADIATION SAFETY OFFICER.

## KEY PERSONNEL

Name: Pradeep S Pillai

Years with Company: 12

Position: Administration/QA Manager

### Brief Description:

Having an overall experience of about a decade in developing and implementing the system to meet international standards and regulations.

Wide outlook in accomplishing the quality assurance objectives by orienting, assigning, scheduling and disciplining employees.

Expert in achieving quality assurance operational objectives by contributing information and analysis to strategic plans and reviews; preparing and completing action plans, implementing production, productivity, quality, and customer-service standards, identifying and resolving problems; completing audits; determining system improvements; implementing change.

Responsibilities include accomplishing, developing, implementing, validating, achieving, maintaining, preparing, updating, and enhancing the organization's overall internal Quality assurance system which complies to meeting international standards and regulations like ISO, OSHAS.

Responsible for providing dependable and effective administrative support ensuring that the work of the Organization shall be completed in a professional and timely manner. ISO internal audit conducting time to time and keep maintaining the quality performance of our internal system.

Monitor costs and expenses to assist in budget preparation, Keep abreast with all organizational changes and business developments.

Takes a lead in overall quality assurance system and analysts working on a variety of products and services for a company and aim to ensure that the product or service an organization provides is fit for purpose, is consistent and meets both external and internal requirements with the support of Quality Control Manager.

### EDUCATIONAL QUALIFICATIONS:

Bachelor's degree in political science  
Certified in Internal Quality Auditor ISO: 9001  
Diploma in Computer Application (DCA)
